Robert G. Sanderson, Coordinator
Services to the Deaf
Division of Rehabilitation Services
Utah State Board of Education
Building

Dear Dr. Sanderson:

Although I am a bit tardy, I want to express my appreciation for the report on a Comprehensive Community Center for the Deaf which you sent to me in December. I read it in full and congratulate you and the Committee on the comprehensiveness and usefulness of the contents.

I have forwarded a copy of the report to the Governor as an assistance to him in furthering his recommendation for planning such a center. A copy has also been sent to the Director of the State Building Board for his use in the event the Legislature sees fit to appropriate a planning grant. Finally, members of the legislative committee responsible for discussing and deciding the fate of the Governor's recommendation have been sent a copy for their use in the hope that its contents will stimulate their thinking.

Again, thanks for your work on this matter. I will do all I can to get such a center going. Since I am assured of your interest I shall refer to you all matters which need additional attention. However, inasmuch as the purpose of the Committee has been fulfilled, I am hereby dissolving it. Your work is very much appreciated.

Best wishes.

Sincerely yours,

Walter D. Talbot

Dear Glen:

The attached report is being sent to you to assist you in planning for a Comprehensive Center for the Deaf should the Legislature see fit to accept Governor Rampton's recommendation for a planning grant for such a center.

We believe some good thinking has gone into this report, which is a result of a committee I initiated last June 10 to study the feasibility of a center for the Deaf. I hope we can get started on such a center at the earliest possible date.

Sincerely yours,

Walter D. Talbot
